To Resume Work Soon On Nevada City Airport

Edwin C. Uren, city engineer, who is home from a business trip to the Bay, reports visiting the office of Capt. M. B. Doolin, chief of the Federal Aviation Bureau in San Francisco. Capt. Doolin assured him that he was confident that the Federal appropriation of a sum aggregating $5,100 had been appropriated by the federal government which is estimated, with the city's appropriation of $1600, will be sufficient to place the Nevada City airport in fine shape, has been appropriated and will be ready within two or three weeks.

In a very short time, Capt. Doolin stated work will be resumed. The total sum $6,700 will be adequate to completing all the work except paving and oiling.

NEVADA CITY TAX RATE UNCHANGED, $1.90 PER $1.00

The city council meeting Tuesday evening fixed the tax rate at $1.90 for the ensuing year. This is the same rate as last year.

The rate is apportioned as follows: Sewers 14c, Fire Dept. 20c, library 20, streets 65c, swimming pool 15c, and general 36c.

The rate is intended to raise the following sums for these purposes: Sewers 14c, $1,065.96; Fire Dept., 20c, $1,522; water 20c, $1,522.80; library 20c, $1,522.80; streets 65c, $4,946.50; swimming pool 15c, $1,-120.50; general 36c, $2,739.60. The amount to be raised totals $14,380.

DIRT FLIES FOR TOGNARELLI BLDG

The crew of men and a team of horses that started excavating the basement for the business building for John Tognarelli on lower Broad street Monday, are making dirt fly and many yards of earth have been moved to date.

Frank P. Williams, of Grass Valley has the contract for the erection of the building. There is to be a basement in the lower store building or room and the upper two will have concrete foundations. The forms are in place now.

Mr. Williams is a native of Nevada City, his father having been a contractor here years ago. Frank Williams has resided in Sacramento for a number of years and was a well known contractor and builder.

He has the contract for the Hoskins business block now going up in Grass Valley at the corner of Neal and Mill Streets.

THIRTY FIRES FOLLOW ELECTRICAL STORM

There were 30 small fires reported to the Tahoe Forest Service headquarters in Nevada City during the last electrical storm a few days ago. All were very small and soon extinguished. Deluges of rain often fell with the electrical storm. There is always a chance that a fire may smoulder for a few days and then flare up in the next few days.

LOOKING FOR A HOME

Dr. Charles L. Hogue, optometrist, who will open offices at 147 Mill street, Grass Valley, was in Nevada City yesterday hunting for a place to live. He states that thus far he has been unable to find a suitable residence for rent in either city.

BUSINESS HOUSES TO CLOSE ADMISSION DAY

The business houses of Nevada City have unanimously agreed to close their places of business Monday next on Labor Day and also on September the 10, since Admission Day comes on Sunday this year.

There is to be a large gathering of Native Sons and Native Daughters in Sacramento Monday, September 10 from all over the state.

An invitation has been accepted by Hydraulic and Quartz Parlors of Nevada City and Grass Valley to enter their burlesque drum corps that created such a sensation at their convention in Santa Rosa last year.

HERE'S A SCANDAL FROM WILLOW VALLEY

One of Charlie Genasci's cows over in Willow Valley got the surprise of her life the other evening. Two ladies from Kansas, both of them brought up in Kansas, who have recently moved into a home there, saw this cow ranging around unattached, as it were, and drove her into their yard. While one of them entertained the cow with a pail of apples, the other, bred and brought up to farm life, started to milk the animal. She milked and she milked. She put all the vigor and vim of good old halcyon days of Kansas into the motions of milking. But the cow would not "give down". Another pail of apples was brought and bossy munched away, her front end immensely pleased, no matter how annoyed she was posteriorly. Finally a kind neighbor noticed these strange goings-on and called to the ladies, "That there cow is dry."

MAYO LEADS IN ASSEMBLY RACE

Nevada and Placer counties gave "Scoop" Thurman a big majority in his race against Jesse Mayo, incumbent, for the seat in the State Assembly. There are eight counties in this assembly district however, and the returns for all eight have not yet been tabulated.

Placer county gave Thurman a majority of around 600 and Nevada county only slightly less than that. Mayo, however, scored heavily in Amador and Calaveras counties, and is reported to have gained a majority in Inyo, Mono, Maroposa and other counties in the southern part of the district. At the present writing it looks like Mayo has been reelected.

NEV. CO. EXHIBIT MOVES TO SACTO.

W. H. Griffiths, secretary of the Nevada City Chamber of Commerce, left yesterday for Sacramento with a truck load of Nevada County exhibits for the State Fair. He returned late last evening and will take more exhibits down and be in readiness when the fair opens September first.

It is understood ore from working gold bearing mines, pictures and maps will be a part of the exhibit. Mr. Griffith makes an effort to have each exhibit entirely different each year.

BROADCAST FOR "DUTCH" LANG

"Dutch" Lane, a cook for the Meadow Valley blister rust camp, is reported missing. It is possible he may have perished in the big fire near the town of Quincy a few days ago. Every effort is being made to get some trace of him. It is thought he may have relatives residing in Nevada City and the message is being broadcast in an effort to find them.

BLUE POINT DEVELOPMENT

Drift mining is being carried on in the old Blue Point gravel mine at Smartsville. A small pilot mill is being used in getting preiminary tests of gravel as development progresses.

The property is under the management of Milton Paine, with L. J. Sundeen, as superintendent. Twenty five men are employed.

Mr. and Mrs. J. Tatam have returned home after several days spent with Mrs. Tatam's sister, Mrs. Charles Meyers and husband, on Gold Flat.

This Way Out

(Editorial)

This is not really a choice between rotten apples—the choice between Merriam and Sinclair—which the primary election presents. We will not be so censorious as all that. Both men no doubt are good honest U. S. citizens, who aspire to do California a great service.

But if we confine our thinking to Merriam or Sinclair we are faced with this dilemna—shall it be Merriam the out-of-state reactionary who will turn us over to the banking and the utility gentleman, who firmly believe their cause the most righteous, or shall it be Sinclair, another trans-Sierra new comer and a modern crusader who will find a home for all those who have lost their homes in the present depression, at the expense of those who have kept their homes, fighting tooth and toe nail to do so.

In the first place, California, which grows so many fine things in the vegetable and fruit line, is quite able to grow its own governors. This idea of importing gubernatorial candidates from Iowa and way stations, from New York and Copenhagen and points east, does not really appeal to Californians. We already have a U. S. Senator from New York and Los Angeles and that should satisfy that unassimulated element from across the Sierras who make their homes in California.

But the main thing is we don't have to make a choice of an extreme reactionary on the one hand and a pink radical on the other.

We can and do choose to support Raymond L. Haight, Californian born and bred, of an Argonaut family that has already given us one governor, and whose family name is blazoned on street signs, maps of our Sierras, a family in short, who helped to make good California history, and of whose antecedents anybody who reads can know all about.

Up in the shadow of Mt. Shasta is the old Haight home, built by the first Haight who came to California in the early fifties. It is a big log cabin and there the Haight family has a reunion every now and then, cherishing this old family shrine.

Merriam backed by bins of money, may be able to beat both Haight and Sinclair in the November election. Privately we think Sinclair is more likely to beat Merriam and Haight. There are plenty of signs of this eventuality.

But we feel very keenly that if the followers of Creel, of Quinn, of Wardell, of C. C. Young and the other Young, and all the rest of the also rans, will gather together their forces, gird up their loins, and make a real third middle of the road party, with a slogan of "California for Californians" Haight can win, not at a walk, but—say—at a handsome gallop.

CHANGE HOUSE AT SWIM POOL GOES UP FAST

The bath house for the new swim pool is progressing rapidly to completion. Mr. Ross, of Tredennick & Ross, the contractor for the building, states that the house will be completed in two weeks. The frame work is already completed and the siding has been started.

The bath house will have a large locker room for boys and one for girls. Each locker room will have several small change rooms and 100 steel lockers. The bath house will also have an office at one end. The lockers will be moved in on the completion of the building.

Addison Janes announces that Saturday and Sunday will be Camera Day and everyone is requested to bring their cameras. A photographer will be present to take pictures of the different classes and activities.

Janes also anounces that the new hours are from noon to dark on school days and from 10 a. m. to dark on Saturdays, Sundays and holidays.

NEW HEAD FOR EMPRESS MINE

Mr. L. R. Robins, who has held several important positions in Arizona and Nevada mines, and who has resided in Nevada City about 3 years, it is reliably reported has been appointed superintendent of the Empress mine in the Newtown district. Mr. J. D. Kneen and associates made this appointment.

Ed C. Jacobs, who has served the company so efficiently and faithfully as superintendent for several years, has gone to San Francisco, where it is understood he will enter a hospital for treatment and rest for a time.

Mr. and Mrs. Lawrence Meyers, of San Bruno, are spending a few days vacation with Mr. Meyer' parents, Mr. and Mrs. Charles Meyers on Gold Flat.

ELECTION MAKES TWO CHANGES IN COURT HOUSE

The New Deal in the Nevada county court house so widely advocated by several of the candidates, made some headway but had nothing like a fifty-fifty break when the votes were counted.

For instance Treasurer Frank Steel is returned to his office by a majority of nearly three to one. Sam J. Clark, county recorder, also retained his post with a better than two to one vote. Mrs. Ella Austin, superintendent of schools easily outdistanced her opponent. John M. Hammill, with two contenders to beat, did it in handy fashion.

Those who lost were District Attorney W. E. Wright and Coroner A. M. Holmes. On January 1, Attorney Vernon Stoll, of Grass Valley will be District Attorney on January 1, and R. L. Jefford, of Grass Valley on that date will become coroner.

With two running against him, Sheriff George Carter came under the wire second, with Carl Tobiassen first and Arthur Barrick third. The man who can garner the majority of the Barrick votes is likely to win in the general election on the first Tuesday in November.

A summary of voting results in Tuesday's primary follows:

Sheriff—Carter 2306, Tobiassen 2868, Barrick 1177.

District Attorney—Wright 2417, Stoll 3704.

Coroner—Holmes 2712, Jefford 3462.

Supt. of Schools—Austin 3578, Curneen 2437.

Treasurer and Tax Collector—Steel 4378, Rowen 1563.

Assessor—Hammill 3368, Scadden 2144, Brock 664.

Recorder—Clark 4070, Day 1723.

Constable—Jeffery 949, Oliver 557, Stuart 193.

MACK MINES LTD.

Unwatering of the shaft at the Mack Mines in the Canada Hill district, was completed several days ago and on Monday a crew was put to work crosscutting to the ledge.

Four men are employed with Mr. Bruce Wallace as superintendent.

Flower Show Saturday To Be Gorgeous Event

Beautiful greenery is being assembled at Armory Hall as a back ground for the floral display on Saturday.

Members of the Civic Club will meet at the hall today and tomorrow morning to arrange tables and allot space for exhibitors.

All citizens are urged to help with the affair by bringing any fine blooms their gardens afford as many outside visitors are expected and it is the aim to advertise the city as a garden spot of the district.

Through Miss Lilian Connelley, of San Francisco, the San Francisco Chronicle will carry an item some day this week about our show and we aim to live up to the reputation given us by the papers by presenting the best that our soil and climate produces.

A valuable collection of water colors embracing 32 varieties of California wild flowers from the brush of Miss Ethel Wickes will be displayed at the Flower Show and bids to be an attractive feature. It is the intention of Miss Wickes to visit this section next spring to paint our wild flowers to be included in a book about to be published. A sentimental interest in this city impels Miss Wickes to give us recognition in the publication and she asks the co-operation of residents. That we are to keep eyes and ears open for information on wild flowers, their haunts and habits, making notes of everything that may be of use during her visit. She also asks for volunteers in collecting flowers and seeds. Many of the latter are available at this season. Interehted parties may advise Mrs. Belle Douglass who will list the names for future reference.

VETERANS WILL HOLD REUNION IN GRASS VALLEY

Nevada City members of United Spanish War Veterans will join with George A. Marshall camp, U. S. S. W. V., of Grass Valley Saturday night and Sunday in a reunion. It is expected there will be over 400 present from Sierra, Placer and Nevada counties and Superior California cities. The group will include the veterans, their wives and families.

Saturday evening's program will open with a street parade which will also be participated in by American Legion Drum and Bugle Corps, and color guard, and will be followed by a banquet. Grass Valley members of George A. Marshall camp are making plans for several musical numbers in connection with the supper. Congressman H. L. Englebright, of Nevada City, is to be made an honorary member and will be the main speaker of the evening.

It is expected most of the visitors will remain in Grass Valley for the program of Sunday. The annual session of the Mystic Order of the Serpent and a sightseeing trip to the Grass Valley mines and points of interest are scheduled for the day.

PHOENIX WILL BE REOPENED

The Phoenix quartz mine below Grass Valley is to be reopened the first of the month. T. S. Davey is superintendent.

The shaft is now down over 600 feet and a drift has been run some distance and a raise driven for a new incline shaft, which will give the property two entrances.

In the near future the erection of a head frame and surface buildings is completed.

NEVADA CITY NUGGET TO OBSERVE HOLIDAY

Conforming with the general sentiment of this community that Labor Day, September 3, should be celebrated by the closing of all places of business, the Nevada City Nugget will omit the publication of an issue on that day, thereby giving its entire staff an oppertunity of joining in various celebrations of this anniversary.

PENNSYLVANIA TO START SINKING IN OLD SHAFT

The Pennsylvania mine, near the little town of Browns Valley, has completed surface equipment. A contract has just been let to sink in the old shaft.

Albert Birch, formerly with the Goldfield Cons., and C. N. Miller, stock broker of San Francisco, are interested in the property. Mr. Whiting is superintendent.

This famous old property is reported to have had a million dollars taken from it. Gold was found on the sidewalks of Browns Valley nearby and there are many shafts sunk all through the town. At present about 250 people live there.

PLENTY OF WATER FOR N. I. D. USERS

From reports made at the August meeting of the Nevada Irrigation District board of directors, it is learned that so far the general state wide water shortage has not affected the water deliveries of this district.

Manager William Durbrow stated an increased demand had been made for water which calls for additional distribution facilities at several places in the district.

The annual sale of delinquent land took place last week and Assessor Harold Robinson reported an improvement in land tax payments and land redemptions.

UREN MAKES SURVEY FOR RIVER MINES CO.

Edward C. Uren, mining engineer, and wife have just returned from a ten day business trip to Oakland. Mr. Uren has made a careful survey of the quantity of gravel and best methods of bringing water to the River Mines property above North San Juan, and met with officials of the company in the bay district to go over the plans.

The late Charles Munro was superintendent of the property until his death a short time ago.

DEVELOPING OROFLAME MINE AT ALLEGHANY

J. J. Connell, owner of the Oroflame mine at Alleghany, was a Nevada City visitor yesterday. Mr. Connell has owned this property for about 10 years and is doing a lot of developing work. He has driven an 800 foot tunnel, besides other development work, doing a lot of the work himself and employing two or three men. In his work he has taken out a number of small pockets of gold but put it all back in developing the property.

Ledges on the Oroflame run from six inches to five feet. It is located between the two famous mines, Irelan and Rainbow.

SAMPLING GRAVEL PROPERTY

James Storey and wife and daughter and Mr. and Mrs. Jack Carr are spending a vacation on Oregon Creek about 60 miles from Nevada City to the onrthwest. It is not far from Oroville.

Both men are employees of the Spanish mine at Washington and while on a vacation are sampling a gravel property.

...The women are pioneering with their husbands, camping out in the open, and if occasion arose could sweep a rattle snake from their door step with a broom.

GAMBLE, IVORY SOAP HEAD, AT KENTON MINE

Activities are increasing at the Kenton mine near Alleghany, where recent work has opened up strong veins of excellent ore. New mine buildings consisting of bunk houses, boarding house, etc., have been built, which will care for a large force of men.

The bins are full of ore and both mill and mining development is operating three shifts. An expansive development program is under way.

Dick Stwart is superintendent and has a force of 25 men employed. Joe Weilep and Andrew Carey, experienced mill men of Nevada City, are employed in the mill each having a shift.

Mr. Gamble, of Proctor and Gamble, of Ivory soap fame, is at the property watching development. The news of his apportioning his work in the soap factory so as to keep all workers employed during unemployment times has spread to the camp and a kindly interest has been manifest toward him.

LAVA CAP GETS READY FOR BIG PRODUCTION

A tunnel to connect the Banner and Central shafts of the Lava Cap group, will be started sometime next month. The tunnel will be over a mile long. The plan has been under consideration for a year. This new tunnel will make possible cheaper operation of the property and increase the milling tonnage.

A station is being cut on the 1200 foot level of the Central shaft. The company is preparing to develop an extensive ore body opened up on the 1000 foot level and extending to the 1200 foot level. The company is also considering sinking an additional 200 feet making the Banner shaft 1400 feet deep.

On the fifth level for a distance of 300 feet a ledge opened up three feet wide averaged $28 per ton. Some of the ore assays 500 ounces in silver and 5 ounces in gold per ton or a ration of five to one.

The mill is treating 165 tons of ore per day and will gradually increase to 200 tons. Te ntons of concentrates are being shipped to the smelter each day.

SPRING HILL MINE

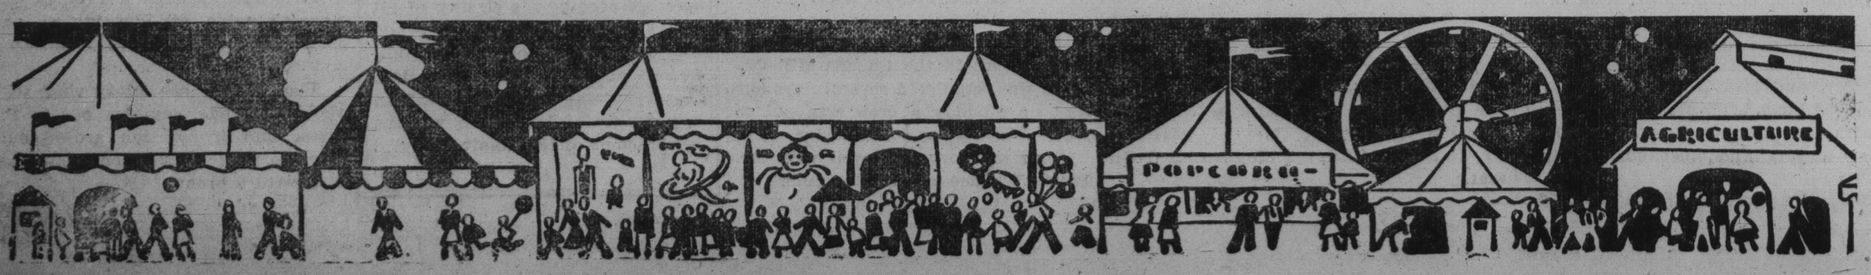
Diamond drilling was resorted to in the last few feet of the 500 foot tunnel run between the Spring Hill and Golden Gate properties, thus letting the water drain into the Spring Hill shaft. Pumps drained this water out and a crew is now cleaning out the shaft of the Golden Gate property.

W. E. Moulton, of French Corral, was a Nevada City visitor Tuesday.

Mr. and Mrs. H. D. Draper and children spent last week end at Fallen, Leaf Lake in the Lake Tahoe area. They were in a heavy eleltrical storm, the water coming down in torrents.

Mr. and Mrs. Dawson, of the German Bar mine, who have been in Nevada City for his health, passed through enroute to Graniteville to cast their vote.

The Misses Alice, Virginia and Ella Kelly, teachers of Palo Alto, who are vacationing at their summer home near Gold Lake, Sierra county, visited Mrs. Clara Scarfe in Nevada City this week.



VIENNA STUDENT IMPRESSED BY U. S. FREEDOM

BERKELEY, Aug. 30.—Hope that the United States always will carefully cherish its traditions of free press, free speech, and free assemblage was expressed today by Othmar Straubinger, graduate student in the University of California, upon the arrival from Vienna this week.

Contrasted with many European countries, where such liberties are not permitted, American freedom is most impressive, he said. He recounted some of the regulations now in force in Austria, explaining that listening to some types of radio programs meant confiscation of radios and a jail sentence.

The Austrian student spoke of the sad plight of his native country, declaring it is torn by many forces. The only way to peace in Austria, he said, is through a betterment of economic conditions.

Straubunger was attracted to the University of California by the standing and work of its English department. He is staying at the International House, having been awarded one of its fellowships. He is writing his Ph.D. degree thesis on Frank Norris, California novelist.

BALANCED TIRES

It is advisable always to buy tires in pairs or sets of four, according to the Emergency Road Service of the California State Automobile Association. With present day automobiles, sensitive steering assemblies and precision gears require balanced tires of equal size and weight.

U. C. ENROLLMENT BREAKS RECORDS

BERKELEY, Aug. 29.—With students still continuing to register, all undergraduates attendance records at the University of California have been broken with the announcement that 9,279 men and women have matriculated this semester, according to Registrar Thomas B. Steel.

The number of graduate students enrolled is 1,969, with more expected, bringing the total of graduate and undergraduate students to 11,348. It is predicted that the grand total enrollment for the year on the Berkeley campus of the University will exceed 11,500.

The peak of enrollment was reached in 1932, when 8,900 undergraduates and 2,852 graduate students enrolled, bringing the grand total to 11,842. For the past four years, registration figures are as follows:

In 1930, undergraduates numbered 8,344, graduate students numbered 2,234, and the grand total for the year represented a student body of 10,578. In 1931, there were 8,709 undergraduates, 2,513 graduate students, bringing the total to 11,222. In 1933, there were 8,846 undergraduates, 2,367 graduate students, and the grand total was 11,213.

PSYCHIATRIST PICTURES THE FUTURE WOMAN

SAN FRANCISCO, Aug. 30.—Urging women to learn to stand together and to work in groups of both men and women, Dr. Eva Charlotte Reid, associate clinical professor of psychiatry in the University of California, today pictured the woman of the future as one on whom progress of civilization depends.

Whether civilization is to go on to its high destiny predicted by poets, philosophers, and men of vision, or whether it will perish miserably as have ancient civilizations, will depend largely on the women of tomorrow, she said.

She said in part: "Fortunately the idle woman is fast becoming a thing of the past. There are, and always will be, a large number of women free from the burden of economic necessity who have time and opportunity for altruistic enterprises.

"Women must awake to the fact that the business of the city, state, nation, and the world is their business. Women must learn to stand together and to work in groups of both men and women. They must enter the field of politics in an intensive manner, and if this is to become a warless world the women will have to make it so."

Dr. Reid believes that participation by women in industrial, professional or business activities does not mean the elimination of conjugal or maternal instincts. She believes that the deeply-rooted tradition that every woman is a natural born housekeeper, home maker, and child trainer, is as false as it is to say that every man is a natural born farmer or mechanic.

The gifts and talents of women are just as diversified as those of men, she explains, adding that the girl of tomorrow must make every effort to find early the place for which she is best fitted.

Neglect Is Dangerous

If the slight sickness is not stopped it grows worse, the root of the difficulty grows, then comes a cold or some other complication and there is a serious case of sickness and difficult to cure and dangerous to life. But if one takes a few weeks of herb treatments every year, these troubles are stopped at their commencement and one keeps health all the time. This is the sane plan to prevent disease. Physicians in China are paid to keep their patients well. When the patient is ill the doctor's fee ceases until his patient is restored to health. Health is as simple as A, B, C. Disobey nature's law and be sick; obey nature's law and be well. This is the basic principle of life and health. When you are sick use Henry Yee's Chinese Natural Remedies to get well.

STATE FAIR TO MARK CALIFORNIA 84TH BIRTHDAY

California will celebrate its 84th birthday on the final three days of the California State Fair, which opens in Sacramento, September 1.

Because of the wish of the Native Sons and Native Daughters of the Golden West to combine the annual Admission Day celebration with the festivities of the state's big annual exposition, the Fair period has been increased from eight to ten days to include September 9 and 10.

Committees of the Native Sons and Native Daughters and Fair directors have been at work for several months to present a spectacle which would pay fitting tribute to the early pioneers who aided in making California a sovereign state.

The Native Sons and Daughters will take over the Fair program on Saturday, September 8, when an evening Open House will be held at the horticultural building at the fair grounds, with local parlors presiding over the various county displays. Suitable exercises will also be held at historic Sutter's Fort.

The grandstand attraction on Sunday, September 9, will be a parade showing the development of transportation in California from the Indian Runner up to the giant air liners. State Fair crowds will also be entertained with a drill and drum corps contest between parlors from all parts of the state.

The big feature of the celebration will be a spectacular parade through downtown Sacramento on Monday, September 10. Over five divisions will be in the line of march from San Francisco alone. Large delegations will also be present from sevra hundred parlors.

A special program of seven running races will be run off in the afternoon, with special events scheduled for the evening.

AMERICA'S GREAT TRUCK VALUE

The FORD V-8 alone offers all these 5 important truck features

NEW 80-H.P., V-8 ENGINE . . . Simple, trouble free . . . with power, speed, ruggedness for heaviest jobs—plus 4-cylinder operating economy.
FULL-FLOATING REAR AXLE Assurance of long, trouble-free service. Housing, not axle, carries load. Shaft removable without jacking up.
DUAL DOWN-DRAFT CARBURETION . . . increases gasoline economy. Gives smoother operation, less dilution of crankcase oil.
AFTER NORMAL LIFE . . . you can turn in engine at dealer and for $49.50 (F. O. B. Parts Branch), have a factory reconditioned engine installed.
SPECIAL FINISH . . . Only truck with this new baked-enamel finish. Wide variety of colors. Gives long-wearing beauty.

THE Ford V-8 is as low in price as any truck you can buy today.

But think how much more than first-cost saving it offers you. Think of the exclusive combination of features shown above. Think of the power of this rugged, 80-horsepower V-8. Then look into gas and oil costs. They're at new "lows"—both of them. Look into upkeep. Truck-built throughout, the new Ford V-8 will "take" punishment that used to mean the repair shop . . . and "take" it again and again for thousands of miles.

But talk to Ford V-8 users themselves. They'll tell you a story of performance and economy that sounds like high-priced trucking . . . instead of the lowest-priced you can get!

WEBB MOTORS

GRASS VALLEY

E. J. Ruddy and family and Mr. and Mrs. Harry Dutton, all of Los Angeles, are motoring up to spend the week end and Labor Day with Mr. and Mrs. John Figurski. Mr. Ruddy and Mrs. Figurski are brother and sister.

Don C. Billick is having his right eye treated by Dr. W. P. Sawyer. He has been suffering with an ulcer on the eye for several days.

Mrs. J. W. Still motored to Sacramento Wednesday with her mother, who has been here for a visit, and from there she took the train for her home.

Mr. and Mrs. Karl Kopp, Mrs. Selma Jordan and Fritz Pitz, returned Wednesday from a two week's auto trip that took them into seven states. They spent some time Yellowstone and Glacier National Parks, returning by way of Spokane and Portland. They made 400 miles per day in traveling and were tired and glad to return to Nevada City, although they saw much beautiful country.

Mrs. J. M. Hitchens, of Berkeley, was a Nevada City visitor Tuesday. She is a former resident and enjoyed a visit with Mr. and Mrs. Muir, Miss Alice Langman and other friends.

James Grimes left Wednesday for his home in Oakland after a visit in Nevada City of several weeks with his sister-in-law, Mrs. Margaret Grimes and family, and his many friends.

Miss Oral Keller has returned from a summer spent at Westwood. She has entered high school and will finish her course of study this year.

There is to be a meeting of Ponemah Council, degree of Pocahontas, September 17, at which time Mrs. Nettie Gildersleeve will give her report of the convention held in San Jose last week. Mrs. Gildersleeve has been recommended to the office of district deputy of the order.

George Falmbigl, of Nevada City, was elected district deputy for Weimer and Wyoming Tribes of Red Men in Grass Valley and Nevada City respectively, for the coming term. The convention will be held at Petaluma next year.

Bert Davidson left Wednesday for Wilbur Springs, Colusa county, where he will stay for a time for the benefit of his health.

Eugene Hughes and wife are erecting a home in the center of a big garden, on their property at Hills Flat. They leased their store recently retaining the management of the auto court.

Mr. and Mrs. George Gildersleeve returned from San Jose Sunday, where they were sent as delegates to the conventions of Red Man and Pocahontas. Mr. Gildersleeve was elected as chairman of the committee on the state of the order during the convention of the Reat Council.

WALLACE DORRIS DIES OF INJURIES IN AUTO CRASH

Langley Dorris and wife returned home Wednesday from having been called to Roseville through the death of Mr. Dorris' brother, Wallace Dorris, of Forest last Monday.

Wallace Dorris, 28 years of age, was enroute to Sacramento Friday in a borrowed car from Miss June Johnson, of Nevada City, when his car was struck by one driven by A. J. Thields, who had stolen his car from Sacramento and was trying to make a get-away. Thields was killed and Dorris suffered a fractured skull from which he died Monday.

He resided in Forest with his parents, Mr. and Mrs. R. D. Dorris, and other members of his family, for years, and was highly esteemed by all who knew him. His tragic and untimely death has cast a pall of sorrow over the entire community.

The young man's father is recovering from injuries received recently when a truck he wa sdriving left the highway.

Left to mourn his passing were his parents, Mr. and Mrs. R. D. Dorris, and Carlos Dorris; of Forest; Langley Dorris, of Nevada City; Oakley Dorris of San Francisco; Mrs. G. S. Barry and Mrs. A. W. Peterson, of Glendale, and Mrs. P. L. Garris, of Claremont.

MANY PAY LAST TRIBUTE TO MISS MILLIE CLERKIN

BY MRS. M. F. HARRIS

NORTH SAN JUAN, Aug. 28.—A large number of friends and neighbors gathered in the San Juan cemetery on Monday p. m. to show their love and respect to one of our numbers, Miss Millie Clerkin, who was laid to rest at two o'clock. Rev Washburn, of Grass Valley, read the eautiful Episcopal burial service and made a few very appropriate remarks about the life loving service and kindness of Miss Clerkin. She was ever ready to extend a friendly, helping hand to all she met.

Miss Clerkin has been in poor health for the past year but was always cheerful and active most of the time. Two weeks ago she had a hemorrhage of the brain and passed away at two o'clock Saturday morning at the Nevada City Sanitarium.

Miss Clerkin was the daughter of pioneer parents. Her father, Phillip Clerkin, came from Auburn, New York, with a company of others to Placr county in 1850, by way of the Isthmes of Panama. Here they discovered rich placer ground in a gulch near where the city of Auburn now stands.

After mining in different parts of Placer, Nevada and Sierra counties, he located in Alleghany in 1858. Here he met Miss Winifred Philbon and they were married in 1861.

Miss Philbon had come from Boston to North San Juan by way of Panama in 1858, afterwards going to Alleghany.

Their son, W. P. Clerkin was born in Alleghany. In 1867 Mr. Phillip Clerkin and family moved to Pike where Mr. Clerkin was employed as an engineer in the Alaska mine.

Millie Clerkin was born at Pike and she and her brother attended school there and have resided their most of their lives.

Besides her brother, a large circle of acquaintances and friends in this part of the state, will mourn her loss.

DOW HOME REBUILT FOR THREE APARTMENTS

Mr. and Mrs. B. F. Stedham, of Boulder City, who came to Nevada City a short time ago, purchased the M. Ivan Dow home on Nimrod st., and started at once in remodeling and repairing the property, which contains fully an acre of ground and a large house.

They are converting the house into three apartments, which will be modern in every detail. In a short time they will start the erection of a home on the corner of Clay and Nimrod, on the same property.

There were only a few members present at the Boy Scout meeting on Monday evening and it was decided to adjourn the meeting until some future date.
